

1. Exploration for Iron, Gold and Diamond in India: Retrospect and Prospect	1
• Fareeduddin	
2. ‘Value-Addition’ and ‘Creation of Wealth from Waste in Mineral Exploration’ Examples from Uranium, Mineral – Sand and Dimensional – Stone Industries	5
• R. Dhana Raju	
3. Recent Advances in Hydrocarbon Exploration	19
• M.K. Hydrose, Vikram Kumar and T.N. Singh	
4. Benthic Formations as Effective Tools for Exploration of Gas Hydrate Richzones at Blake Ridge, Northwest Atlantic Ocean	31
• M. Sundar Raj, Some De and Anil K. Gupta	
5. Biostartigraphy of Tertiary Sediments Exposed in Dillai Parbat Area, Assam	45
• R. Venkatachalapathy and Kezhakielie Whiso	
6. Planktic Foraminiferal Biostartigraphy of Disang Group, Nagaland, NE India	67
• R. Venkatachalapathy and Kepeasa Lokho	
7. GIS Approach for Sustainable Mining Tile and Brick Clay Mining in Parappukara Panchayath, Thrissur District, Kerala	87
• Suraj R., Suresh Franics, E.V., Sumesh V.K., Saritha and V. Manu	

8. Gold Exploration Methods with Case Studies – An Overview	99
• T.V. Ramachandran	
9. Exploration Geology of Manganese Formations Eastern Ghats Mobile Belt, India.....	115
• C. Kasipathi and K. Sanyasi Rao	
10. Computerized Interpretation of Geoelectrical Data for Quartz Exploration – A Case Study.....	125
• G.R. Senthil Kumar and T.S. Badrinarayanan	
11. Geochemistry of the Post-Archean Damta Group Clastic Sedimentary Rocks, Lesser Himalaya	133
• Shaik A. Rashild	
12. Horizontal Gliding and Nappe Sheets in the Charnockites Hills East of Salem, Tamil Nadu: A Preliminary Study	147
• T. Kiswal, S. Anbazhagan, S. Arivazhagan, Guru Balamurugan Krishnan Bandyopadhyay and Mary	
13. Deformation Pattern of Delhi Rocks around Uplagarh – Sagana Transect, Sirohi Dist., Rajasthan	157
• K.S. Yenghom, Suvajit Charaborty and T.K. Biswal	
14. Sand Mining: Perspect and Prospect	173
• K.P. Thrivikramiji	
15. Exploration Geology, a Prime Tool for Industrial Development – Some Case Studies from Andhra Pradesh, India	185
• C. Kasipathi	
16. Crustal Stress and the Phenomenon of Well Collapse in Malappuram District, Kerala	199
• Suresh Francis, Rithesh Kumar, G.S. Rejani and U.P. Resmi Prabha	
17. Groundwater Well Drilling Problems in Crystalline Terrains – A Case Study from Dindigul District, Tamil Nadu	221
• T.S. Badrinarayanan and R. Venkatesan	
18. Delineation of Lineament/Joints Pattern in Crystalline Terrains by Bore Well Yield Contour Method – A Case Study in Coimbatore District, Tamil Nadu	229
• T.S. Badrinarayanan, R. Venkatesan and M. Arumugam	

19. Surface Temperature Mapping using ETM+ TIR Images in Parts of Precambrian Terrain, India	237
• Guru Balamurugan, S. Anbazhagan, T.K. Biswal and K.N. Kusuma	
20. Spectral Reflectance Studies of Lunar Analog Rocks	245
• S. Arivazhagan, Guru Balamurugan, K.N. Kusuma and S. Anbazhagan	
21. Lunar X-Ray Fluorescence: Sensitivity of Solar Spectrum	255
• K.C. Shyama Narendranath and P. Sreekumar	
22. Issues and Strategies of Ecosystem of the Shervaroy Hill Ranges, Salem, Tamil Nadu – An Overview	265
• R. Neelakantan and M. Karthikeyan	
23. Identification of Land Use Change and Characterization of Soils using Geoinformatics – A Case Study in Kuttanad, Kerala	275
• C.E. Paul and Bindu P. Ramankutty	
24. Geo-Spatial Technology in Landslide Mitigation – A Case Study	287
in the Nilgiris District	
• D. Vidhya and S.S. Ramakrishnan	
25. Impacts of Urbanization on Environment in Bangalore Urban District, using Remote Sensing and GIS Techniques	303
• Rajendra Jena and T.V. Ramachandran
